Dear Mr. Littman

Thank you so much for the book bag you donated to my class, we really appreciate it. Thanks to you I could find the materials that I need in a second without having to dump everything out. I am an organized 7th grader ready to work. My teacher talked a little about what you do and I am very glad you do that because many people in this world don't show the care to help others. Thanks again for your generosity.

Sincerely,

Chelsea Hagan Brown
